THE APRIL 25TH DINNER HAS BEEN CANCELLED. WE WILL NOTIFY OUR MEMBERSHIP IN TIME TO PREPARE FOR THE NEXT DINNER MEETING.

President's Message by Lisa Bailey

Your chapter executive board voted to cancel our Bi-Monthly Meeting and dinner in April. We are also suspending our normal board meetings until further notice and will be available by telephone or email for any business that many need to be handled for the time being. Please don't hesitate to contact me if you have any concerns.

We have also suspended our in-person support of the Warrant Officer Candidate School graduations until further notice, although our Vice President, CW5 (ret) Ron Kaita is still preparing the plaques and coordinating the monetary awards with MOAA national and the cadre at the school. The cadre are presenting our MOAA awards for us to minimize our exposure.

So here we all are, awaiting the daily reports of all kinds of numbers and statistics, and seeking a silver lining in this sickness and its economic impact on our country and throughout the world. I have great hope and belief that our leadership is doing their absolute best to defeat this monstrous pandemic and to head off economic collapse. From the time that I sit at my computer writing this to the time it is published, many things will have changed, and my prayer is that it is for the better.

So I will report on our activities to date. In the month of January we took a breather from all the end of year activities. Our January Board meeting was used to coordinate and approve the 2020 budget prepared by our treasurer, LTC (ret) Loel Ewart.

February's bi-monthly dinner meeting featured Ms. Terri Francis, Director of Community Resources at the Southern Alabama Regional Council on Aging (SARCOA). Her presentation was very interesting as most of us had little idea of the existence and purpose of this valuable organization and its impact on the community. We learned that not only are there governmental programs that are available to seniors, but that there are also many projects that can be resourced with volunteers from the community. SARCOA coordinates needs in the community with resources to meet those needs.

From their website: Southern Alabama Regional Council on Aging is an Area Agency on Aging serving the seniors of Barbour, Coffee, Covington, Dale, Geneva, Henry and Houston counties of southeast Alabama. SARCOA is a vibrant **(continued on page 2)**

(PRESIDENT’S MESSAGE continued from page 1) and dynamic organization continually seeking ways to better serve the rapidly growing senior population through planning, coordinating and developing community levels of service. As the regional focal point for senior services, SARCOA’s focus today and every day is to provide services which improve the quality of life and enhance the independence of the seniors of our area.

SARCOA is one of 13 Area Agencies on Aging in Alabama operating under the framework of the Older Americans Act. More than 650 Area Agencies in the nation serve as advocates for the elderly and administer a network of services within their designated regions.

In addition to assisting the senior population as an Area Agency on Aging, SARCOA is also an Aging and Disabilities Resource Center (ADRC). The ADRC is an initiative launched in 2003 and designed to be a “one-stop-shop” for individuals of any age seeking long-term support services. The ADRC seeks to streamline access to assistance services, programs, and information for older adults, all persons with disabilities, family caregivers, veterans, and long-term support service providers.

The overall goal of the ADRC program is to empower individuals to effectively navigate their health and other long-term support options.

If you or a family member are in need of their services or wish to find out more about this agency, please go online to sarcoa.org or call 334-793-6843.

Through mid-March we continued our presentation of MOAA awards to the honor graduate and the class leadership awardee for the Warrant Officer class graduations at Fort Rucker. Our VP, CW5 (Ret) Ron Kaita, prepares the awards and members of the chapter are on hand for the presentations numerous times during each quarter. Those activities came to a halt due to the coronavirus pandemic.

Easter is nearly upon us. As we are enjoying the beauty of the spring greening and reflecting on our many blessings, let us not lose sight of those happy things that make our lives so very fulfilling. Try hard to take care of yourselves and those near you who need an extra boost. My prayer is that everyone can stay as healthy as possible.

Legislative Report by Charlie Wigglesworth

How fast the world we live in changed! With the coronavirus 19 sweeping our Nation, we need to be mindful of “social distancing.” We may not have the cure or a shot to stop this virus, but we can do our part to help stop the spread.

I headed to the gas station on post the other day and it hit me that maybe I should wear gloves while pumping gas. A simple thing but lots of people are touching the gas pump. I realized that little things like this could also help in stopping the spread of the flu or other viruses.

But this particular virus is pretty deadly for us older folks. Not a doctor or health expert so I will leave it to the experts to give you details on how to protect yourselves. But please stay safe and healthy! Now for other news on the legislative front.

As I have reviewed the issues that MOAA is working, I find some interesting information to pass on. Some of the issues call for us to send letters to our elected officials. I encourage all MOAA members to read the MOAA magazine or go online to find more information. Other info I have included may be of interest to you or pass on to our fellow veterans.

National Cemeteries: <https://www.moaa.org/content/publications-and-media/news-articles/2020-news-articles/national-cemetery-administration-suspends-military-funeral-honors/> “The National Cemetery Administration is suspending military funeral honors – whether by military personnel or volunteer organizations – at its 142 national cemeteries. The move comes as a precaution to mitigate the spread of COVID-19. The NCA said the suspension will last until further notice. Cemeteries will remain open and continue to provide interments for veterans and eligible individuals, according to the NCA. Immediate family members – limited to 10 people – will be able to witness the interment from a safe distance”. Read more at the above link.

GI Bill: <https://www.moaa.org/content/publications-and-media/news-articles/2020-news-articles/emergency-act-to-preserve-gi-bill-payments-becomes-law/> “With schools across the nation shutting down or moving to online-only instruction, the Department (*continued on page 4*)

Membership Report

by Othan Gilbert

Our chapter membership count is currently 153. I regret to inform you of the death of one of our life members: LTG (ret) Ellis Parker who lived in Enterprise. He died 26 March 2020. Our condolences are extended to his family at this difficult time.

I want to remind everyone that the national MOAA website is moaa.org and our chapter website is fortruckermoaa.org. Please check the chapter website from time-to-time as photos from our past dinners, minutes from our board meetings, and chapter finance reports are posted there. The phone number for MOAA National is 800-234-6622.

Remember to patronize the nine sponsors of our newsletter. They help to support the chapter and deserve our consideration.

Hope everyone keeps safe during this difficult period.

HOLD THAT THOUGHT by Beth W. Orenstein

"Becoming forgetful? Can't remember some names, dates, places? Don't assume your memory problems are a sign of Alzheimer's disease, the most common type of dementia.

"There are a variety of conditions and events that contribute to memory loss,' says Ronald Petersen, director of the Mayo Clinic Alzheimer's Disease Research Center in Rochester, MN, and the Mayo Clinic Study of Aging. Here's a look at other possible causes.

"Aging..., medical conditions..., stroke and vascular disease..., medications..., sleep disorders..., vitamin deficiencies..., substance abuse..., depression..., thyroid disease..., and head injury and brain tumor.

"Fortunately, many of these conditions are treatable, and once they are treated your memory should start to improve, Petersen says. Consult your physician if you demonstrate signs of memory loss or if loved ones have concerns about your memory."

Retired Officer Wives Association (ROWA)

by Mary Jane Collins

Greetings everyone in the awakening month of Springtime! Prior to March, ROWA enjoyed a Valentine luncheon at Silver Wings Divots with spouses and friends as guests amid lovely table decorations with vases of rose bouquets serving as door prizes. The guests shared some of their military experiences in different countries and the program included remembrance of the Saint of the heart, St. Valentine. His ring stone Amethyst also became February's birthstone. In closing, President Esse Muskopf gave each attendee a fresh red rose. Our March meeting was a catered luncheon at Bowen Terrace. Ms. Dana Cappadora, guest speaker from MWR, shared information for travel opportunities and tickets to Disney World and other destinations.

Another Saint with his celebration day close at hand was remembered in the meeting, St. Patrick known well in the green Isle with shamrocks and legends. With March winds moving on, an arriving of fresh blessings in buds and leaves are appearing in profuse color from the pastel lilac, meaning confidence, to the vivid iris, meaning faith, from various shades of the peonies, meaning compassion to the fragrant hyacinths, meaning joy. For reservations to the ROWA April 14 fashion show at The Landing, contact Mary at 334-347-4966 the Friday beforehand.

As the winds of concern pass over America, we face a rare challenge with solution yet unknown. Yes, we should be cautious, keep sanitary instructions, follow guidelines. Yet, we can know that the sun still shines, the earth still moves, and flowers still grow. The meaning of the flowers gives us inspiration to follow their meanings: that of faith, hope, confidence, compassion, and joy. Scripture declares in 2 Timothy 1:7 that God has not given us a spirit of fear, but of power, and of love, and of a sound mind. We can still count our blessings, pray, serve, and look upward to a higher power.

ROWA Members with Ft. Rucker Spouses Club, Command Spouses, & Guests at Holman Mansion, Ozark.

ROWA Spouses & Friends

from page 2 LEGISLATIVE REPORT of Veterans Affairs will be making changes in how (GI Bill payments are administered. It literally took an act of Congress, but students who are affected by the move from classroom lessons to online courses will not see their GI Bill payments stop. Congress worked quickly to pass Senate Bill 3503, which made the changes and sent it to President Donald Trump, who signed the bill into law March 21." I am glad to see this happen as I have passed the remained of my GI Bill to my wife to complete her Doctorate.

Our Medicines: <https://www.moaa.org/content/publications-and-media/news-articles/2020-news-articles/advocacy/help-end-chinas-dominance-over-global-pharmaceutical-production/>

"The coronavirus outbreak continues to dominate the news, with media outlets mixing coverage of global market impacts alongside the growing fears of how this virus will affect our physical, social, and financial lives. Just below that layer of coverage are concerns about what the response to this virus is doing to the global inventory of medical supplies and pharmaceuticals, and whether U.S.-controlled resources are enough to meet national demand. MOAA addressed China's dominance as the global leader in medication production back in January 2019, with award-winning medical author Rosemary Gibson. Her article for MOAA outlined the security threat posed by U.S. dependence on Chinese drugs and the decades-long decline in domestic production; these themes are expanded in her book, *China Rx: Exposing the Risks of America's Dependence on China for Medicine*. The issue being discussed over a year ago was the potential for China to weaponize medicines; in fact, China has a virtual monopoly over the production of many of the critical pharmaceuticals we use every day. It is unacceptable for our military and civilians to be vulnerable to China's ability to weaponize those pharmaceuticals simply by withholding their shipment or adulterating their ingredients." I highly encourage each of you to contact your elected officials to be sure that this issue is brought to the forefront of issues that affect us.

Again, please be safe and healthy! Please stay tuned to the leadership of our organization for news relevant to you. Also, I encourage you to get involved in our local chapter as "many hands make work".

God Bless,
Charlie

TREASURER'S REPORT by LTC (Ret) Loel Ewart

Monday, March 21, 2020

Net Worth of the Fort Rucker Chapter of MOAA as of 03/09/2020 is, \$30,195.50. These funds are in one checking account, one savings account and one Money Market Account in the All In Federal Credit Union (All In FCU).

Retiree Council Report

by Ray Collins

The following is a compilation of the issues discussed during the CG's Retiree Council meeting which was convened by Council Co-chair COL (Ret) Paul English on February 6, 2020.

PUBLIC AFFAIRS – CW5 (Ret) Johnson: Mr. Johnson reported that several theatrical opportunities would be available in the near future including Momma Mia in Dothan, Westside Story and Big River in Ozark. A good source for information is the Chambers of Commerce in the various cities.

HEALTH CARE – SGM: The various Kiosk in the clinic seem to be working well and are helpful with directions and information.

LEGISLATIVE AFFAIRS – LTC (Ret) Collins: The subject is more than adequately covered by Mr. Wigglesworth. I would encourage each of you to contact our legislators to gain support in stemming the tide toward combining the Exchange and Commissary Systems. Morale Welfare and Recreation services would greatly suffer should this merger occur.

VETERANS AFFAIRS – CSM (Ret) Evans: Although CSM Evans could not be present for the meeting Ms. Ada from the VA Clinic provided input. The VA Clinic at Lyster is more adequately staffed, professionally, than it has been in months. There are transport van's available to transport patients to and from appointments and VA identification may be obtained from the Lyster Clinic. Sandwiches and other treats will be provided for veterans in the clinic on the morning of February 12.

LANDING ADVISORY COUNCIL – LTC (Ret) Collins: The Council has been revived and held its first meeting in several months on January 16. There are several initiatives being considered outside the capital improvement category that will enhance the customer dining experience and make the Landing more customer friendly. The next planned Landing Council meeting will be February 20 at 11:00 am.

COMMISSARY: No report.

EXCHANGE: No Report.

GOLF COURSE – CSM (Ret) Seimers : CSM

Seimers reported that a new chair of the Golf Council has not been named but that Command interest is high and that low availability of local courses and the competitive nature of the Silver Wings Course gives hope that new members will join the club next month during the membership drive. The CG's monthly tournament will be February 29, check with the pro shop for times, cost and other information. Divots will continue to serve breakfast on Saturdays, Sundays and holidays.

EQUESTRIAN CENTER – No report. We need to fill this position on the Retire Council.

OUTDOOR RECREATION – No Report. We need to fill this position on the Retiree Council.

BOWLING ALLEY – SGM (Ret) Seimers: No report.

RETIREE APPRECIATION DAY – Mr. Moore: Funding of the annual newsletter continues to be an issue. Avenues of possible solution are being explored one being use of Smart docs.

ADVISOR COMMENTS:

LYSTER CLINIC – MSG Nichols: MSG Nichols expressed the importance the current Lyster command team places on the Retiree Council. The situation with long wait times in pharmacy is a concern but they are optimistic that with new hires and new personnel arriving soon the wait times should decrease significantly and soon. The best days of the week to have a shorter time in the pharmacy lines are Monday and Tuesday.

GARRISON – COL Gardner: The new Fort Rucker school construction will be coming to an end soon. The decision as to a date for dedication hasn't been decided, either the end of this school year or the start of next school year.

The Lake Lodge construction is ramping up with a projected completion in November 2020. Fort Rucker as a conference site is growing in use. Next week the installation will host the TRADOC Commanders Conference. The CEO of AFFES will be touring the exchange and giving an update on the Fort Rucker Exchange remodel project. The food court will possibly be adding a Starbucks Café and restaurant serving Mexican cuisine.

LTC (R) Ray Collins

FOODS TO FIGHT HIGH BLOOD PRESSURE

"WITH ALMOST HALF OF US ADULTS EXPERIENCING HIGH BLOOD PRESSURE, AND THE NUMBER OF DEATHS LINKED TO THE CONDITION UP BY SOME 38 PERCENT, **BETTER NUTRITION** SUGGESTS SOME FOODS YOU CAN USE TO MANAGE BLOOD PRESSURE THROUGH DIET.

"BEET GREENS..., POMEGRANATES..., FLAX..., PISTACHIOS..., BEETS..., HIBISCUS TEA..., YOGURT..., AND WHEAT BERRIES...."

CANCER RATE DOWN

"THE US CANCER DEATH RATE DROPPED 2.2 PERCENT

BETWEEN 2016 AND 2017...AS THE WALL STREET JOURNAL REPORTS, THIS MARKS THE LARGEST SINGLE-YEAR DROP EVER RECORDED. 'THE DROP IS LARGELY DRIVEN BY PROGRESS AGAINST LUNG CANCER, THOUGH THE MOST RAPID DECLINERS IN THE REPORT OCCURRED IN MELANOMA,' ACCORDING TO THE JOURNAL. 'ADVANCES IN TREATMENT ARE HELPING IMPROVE SURVIVAL RATES IN THE TWO CANCERS.'

"CANCER IS THE NATION'S SECOND-LEADING CAUSE OF DEATH, JUST BEHIND HEART DISEASE."
